

Daisy MD Care

Product Application Guide

Dear Valued Customer,

Thank you for choosing Daisy MD Care products for your skincare needs. We're committed to helping you achieve the best possible results with our specially formulated solutions.

This guide provides detailed instructions on how to properly apply our products for maximum effectiveness. Please follow these steps carefully to ensure optimal results.

Step 1: Cleanser

- Mix 2 pumps with water in your hand
- Gently sweep across your wet face once
- Rinse thoroughly and pat dry
-  Do not exfoliate with this cleanser

Step 2: The Cream

- Apply 1 pump to each of the following: forehead, nose, each lower cheek, chin (total 5 pumps)
- Gently tap into skin — no rubbing
- Leave on until next application
-  Spot treat breakouts if needed, avoid the eye area

Repeat every 12 hours

Important Notes

Caution

- Do not apply above cheekbones or near eyes
- Avoid using before working out or sweating

Warning

- Rinse with cold water if irritation occurs
- Reduce to once daily if skin feels overly dry

For Best Results

- Avoid makeup, sunscreen, or other skincare during treatment
- Do not mix with other products
